[INSIGHTS AND RESOURCES](#)

¹ Some features require qualifying Microsoft 365 or Office 365 license; sold separately.

² Sold separately. Software license required for some features.

³ Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See aka.ms/SurfaceBatteryPerformance for details.

⁴ System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See [Surface Storage](#) for more details.

⁵ Requires license or subscription to activate and use.

⁶ Microsoft's Limited Warranty is in addition to your consumer law rights.

⁷ Surface Go and Surface Go 2 use a third-party UEFI and do not support DFCI. DFCI is currently available for Surface Laptop SE, Surface Go 3, Surface Pro 8, Surface Laptop Studio, Surface Duo 2, Surface Laptop 4, Surface Pro 7+, Surface Laptop Go, Surface Book 3, Surface Laptop 3, and Surface Pro X. [Find out more](#) about managing Surface UEFI settings.

⁸ Keycap labels can fit on the keys on the Surface Go Type Cover and Surface Laptop Go, but will require a more precise application due to the key size.

⁹ See more information in Surface Laptop SE Eco Profile report - https://aka.ms/LaptopSE_EcoProfile.

¹⁰ For more information on EPEAT registration in other markets see - https://aka.ms/LaptopSE_EPEAT.

¹¹ The following components are available for purchase through your Surface Commercial Authorized Device Reseller in the US, Canada, UK and Japan: C Cover, Speaker Module, Feet, D Bucket Chassis, Wi-Fi Module, A/B cover. It is recommended that skilled IT technicians perform the component replacements described in the Surface Service Guides available on the [Microsoft Download Center](#). Opening and/or repairing your device can present electric shock, device damage, fire and personal injury risks, and other hazards. Use caution if undertaking do-it-yourself repairs.
