¹ Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings and other factors. See aka.ms/SurfaceBatteryPerformance for details.

² Sold separately. Software license required for some features.

³ Tactile signals with Surface Slim Pen 2 can be experienced on some applications on Surface Pro 9 running Windows 11. Surface Slim Pen 2 sold separately.

⁴ Surface Pro 9 options with 12th Gen Intel® processor and a storage of 256GB and above are built on the Intel® Evo™ platform.

⁵ 5G not available in all areas; compatibility and performance depends on carrier network, plan and other factors. See carrier for details and pricing.

⁶ At this time, Surface Pro 9 with Windows 11 Pro on ARM will not install some games and CAD software, and some third-party drivers or anti-virus software. Find out more in [the FAQ](#).

⁷ Weight not including Surface Pro Signature Keyboard and Surface Slim Pen 2 (sold separately).

⁸ System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000GB. See Surface.com/Storage for more details.

⁹ Components available through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required for repair. Opening and/or repairing your device can present electric shock, fire and personal injury risk and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.

¹⁰ Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businessinfo>.

¹¹ Requires Dolby Atmos® encoded content and video.

¹² eSIM support may vary by carrier. Individual device activation for eSIM is supported, however bulk activations leveraging eSIM on devices with Windows 10 are not currently available.

¹³ Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.

¹⁴ Microsoft's Limited Warranty is in addition to your consumer law rights.

¹⁵ Download the full Eco profiles – [Pro 9 with Wi-Fi](#) and [Pro 9 with 5G](#).

¹⁶ For more information on registration in other markets check – [Download Eco Profiles from Official Microsoft Download Center](#).

¹⁷ Surface Go and Surface Go 2 use a third-party UEFI and do not support DFCI. [Find out more](#) about managing Surface UEFI settings and Surface devices on which DFCI is enabled.

¹⁸ Pen storage and charging available on select Keyboards.

¹⁹ Requires Dolby Vision® encoded content and video.
